Corporate Profile

SMART Global Holdings, Inc. (“SMART” or “SGH”) is a global leader in specialty memory, storage and hybrid solutions serving the electronics industry for over 25 years. SMART delivers components, modules and solutions to a broad OEM customer base, in computing, networking, communications, storage, mobile and industrial markets. With the addition of Penguin Computing and the creation of a new business unit, SMART Specialty Compute & Storage Solutions (SCSS), SMART has expanded its serviceable markets into areas requiring specialized computing platforms in artificial intelligence (AI) and machine learning (ML), advanced modeling and high performance computing serving a broad base of enterprise and government customers. Customers rely on SMART as a strategic supplier offering extensive customer specific design capabilities and quality products with value added testing services, technical support, a global footprint and the ability to provide locally manufactured memory products in multiple geographies. SMART’s global, diversified customer base of over 250 customers includes some of the most well-recognized names in the technology industry.

Its strategic presence in the U.S., Europe, Asia and Latin America enables SMART to provide customized, integrated supply chain services assisting OEM customers in the management and execution of their procurement processes and asset management on a worldwide basis.

In Brazil, SMART has established itself as a market leader as the largest in-country manufacturer of mobile memory products for smartphones, and the largest in-country manufacturer of memory components and modules for desktops, notebooks and servers.

Close collaboration with customers while providing custom designs, extended life cycle solutions and proprietary supply chain services, creates significant customer engagements and loyalty.
