### **About SMART Global Holdings**

The SMART family of companies are global leaders in specialty memory, storage and hybrid solutions serving the electronics industry with standard and custom products for over 25 years. SMART delivers components, modules and solutions to a broad customer base, including OEMs in computing, networking, communications, storage, mobile and industrial markets. With the addition of Penguin Computing and the creation of a new business unit, SMART Specialty Compute & Storage Solutions (SCSS), SMART has expanded its serviceable markets into areas requiring specialized computing platforms in artificial intelligence and machine learning, advanced modeling and high performance computing. Customers rely on SMART as a strategic supplier with custom designs, product quality, technical support, a global footprint, and the ability to provide locally manufactured products in multiple geographies.
